FEATURED PROJECTS

Reel Good Films | Javascript, HTML5 & CSS3

Allows users to search for movies based on keyword, or genre, or year. Utilizes a REST API and displays search criteria on the page. It is accessible and fully responsive.

Page Turners | React.js, SASS & Firebase

Allows the user to search for books by genre, title, author, and allows them to compile a reading list. Utilizes the Google Books API.

Creative Agency | Javascript, HTML5, & SASS

A multi-page mock agency page. Fully responsive and accessible.

Scavenger Hunt | Javascript, HTML5, & CSS3

A fun family game built utilizing multiple randomizers and unique colours on every user click.
